

Selected quotations from PSYCHOLOGICAL TERRAIN OF FACES EXPLORED,
Newport Daily News, September 30, 1992.

- ✓ A study by psychologist Michael Wogalter...found beards make men seem older, less attractive and less sociable...
- ✓ ...balding men were perceived as smarter...
- ✓ ...studies have found that people with large eyes tend to be seen as warm and honest. But...big-eyed people also give the impression of being naïve and submissive...
- ✓ Round cheeks, big eyes, full lips and other “baby-like” features are generally viewed as attractive in women...
