*55<sup>th</sup> Commencement Weekend Honors and Award Ceremony*  
by

Dr. Anthony A. Walsh, Psychology Department Chairman  
Upon Awarding the *Helene Kelly Burrell Psychology Award* to  
Andrea Theresa Tuliano and Gina Marie Liguori

“The 2005 HELENE KELLY BURRELL PSYCHOLOGY AWARD is presented to two exceptional students, Andrea Tuliano and Gina Liguori.

Andrea and Gina have been co-workers on departmental student activities too numerous to mention, all of them in service to the psychology department, its students, or to the external community. Whether it was a food drive or a bake sale, a toy drive or a fund raiser, a faculty-student dinner, senior brunch, or a cook-out these two tireless young ladies have been side-by-side. They have done all this while being at the very top of their graduating class in psychology & while serving as officers in both our psychology club and honor society.

Gina, our honor society president and psychology club secretary, is a top notch psychology student and an accomplished researcher. She was honored this year by being invited to present her most recent research at the annual meeting of the *Eastern Psychological Association* in Boston. Gina plans to pursue graduate study in clinical psychology with the ultimate focus of working with prisoners. CONGRATULATIONS GINA.

Andrea, who has a perfect 4.0 in psychology, has been president of our psychology club for three years, and served as vice-president for our honor society. She has received numerous other university awards during her career and plans on attending law school. CONGRATULATIONS ANDREA.”

Dr. Walsh then presented Andrea and Gina with a Sigmund Freud “bobble head” figure(at right) as a souvenir.
